Andrey Ralph C. Abelida

Anonas Street, Sta. Mesa, Manila 1016 • andreyabelida01@gmail.com • 09940654468

EDUCATION

Polytechnic University of the Philippines **Sta. Mesa, Manila**

Bachelor of Science in Computer Engineering, Specialization in Big Data Analytics

Relevant Coursework: Programming Fundamentals, Computer Hardware, Operating Systems, Data Structures, Leadership, Database Management System, Database Implementation

CERTIFICATIONS & TRAINING

Fortinet Certified Fundamentals in Cybersecurity – Fortinet Training Institute (2024–2026)
Foundational knowledge of cybersecurity concepts, network security, threat awareness, and security best practices.

Introduction to Networks (ITN) – Cisco Networking Academy (2025)
Networking fundamentals: network architectures, IP addressing, Ethernet, routing, switching, and troubleshooting.

Introduction to Data Visualization with Matplotlib – DataCamp (2026)
Creating and interpreting data visualizations using Python and Matplotlib for effective graphical representation.

Big Data Fundamentals with PySpark – DataCamp (2026)
Big data processing, distributed computing, and data analysis using PySpark and modern data engineering concepts.

EXPERIENCE

Global Technological Trading Inc. (realme Philippines) **BGC, Taguig**

Data Validation Intern *May 2026 – August 2026*

- Validated and cross-checked company sales data to ensure the accuracy, completeness, and consistency of records.
- Designed and developed a web-based dashboard using Node.js and React.js to give the team a clear, centralized view of their data.
- Solved the team's lack of a database and hosting budget by using their existing Google Sheets as the data source and deploying on Render's free tier, delivering the dashboard at zero hosting cost.

Computer Engineering Laboratory Office **Sta. Mesa, Manila**

Student Assistant *A.Y. 2025 – August 2026*

- Assisted in daily operations of the Computer Engineering Laboratory Office by maintaining laboratory equipment, facilities, and office resources.
- Provided administrative and technical support to faculty, staff, and students during academic and departmental activities.
- Demonstrated teamwork, communication, and problem-solving skills while supporting various academic and organizational initiatives.

LEADERSHIP & ACTIVITIES

PUP Association of Concerned Computer Engineering Students for Service **Sta. Mesa, Manila**

Vice President for Academic Affairs *A.Y. 2025 – 2026*

- Planned and managed academic-related programs and activities that support student learning and development.
- Freshmen Orientation & Hard Hatting Ceremony – Event Head; 2026 Hard Hatting Ceremony – Event Head; Seminar Series – Speaker.

PUP Association of Concerned Computer Engineering Students for Service **Sta. Mesa, Manila**

Control Officer *A.Y. 2024 – 2025*

- Maintained cleanliness and managed the equipment within the organization office.
- Computer Engineering Fair – Volleyball Head; College of Engineering Month – League of Legends Game Master.

PUP Association of Concerned Computer Engineering Students for Service **Sta. Mesa, Manila**

1st Year Governor *A.Y. 2023 – 2024*

- Managed the entire first-year student body, from collecting information to relaying messages from the department and organization.

SKILLS & INTERESTS

Technical: Python (Proficient), C++, Java, SQL (Supabase, BigQuery), Node.js, Web Development, Microsoft Office, React, TypeScript, Packet Tracer

Language: Filipino (Native), English (Proficient)

Laboratory: Python programming, website development, software testing and debugging

Interests: Cybersecurity, Software Development, Computer Hardware
